Parties who read both Prescott papers will note the difference between what is said by the Journal-Miner and what is represented as saying by the other sheet.

Miss Hattie Fisher, daughter of Mr. and Mrs. J. L. Fisher, celebrated her eighth birthday today, and entertained a whole lot of her young friends.

Negley Post, G. A. R., of Tucson, has declared himself in favor of organizing the department of Arizona, and selected Fred G. Hughes, as its choice for department commander.

Hon. Robert Connell's friends are by no means pleased that he was ignored by the democratic convention. They think that his conscientious services in the legislative halls of our territory entitled him to the nomination for legislative council.

Governor Zulick, in an interview in Washington recently, charged General Crook with the responsibility of preventing the leaders of the hostile Indians being turned over to the civil authorities for trial. The Courier, which has always expressed the greatest friendship for the General copies the assertion without comment or contradiction thereby endorsing the statement.

J. L. Hall has been appointed an active superintendent of the Piedmont Cattle company of Maricopa, and went out yesterday to take charge of the property. The company has several thousand head of cattle already on the range and with the completion of the dams and reservoirs now under way for the storage of water expect to add several thousand more.

FROM MONDAY'S DAILY.

C. B. Geunig is in town. Mrs. F. G. Parker is now considered out of danger.

The "Champion" has evidently caught on to the way Mark Smith got his nomination.

J. Boughton will remain in charge of Aitken's cigar store, in the absence of the latter.

A majority of the voters of this county are beginning to realize that the office of county treasurer is not a life position.

R. L. Long superintendent of public instruction came up from the South last evening to attend the meeting of the board of education today.

H. H. Logan a mining man from Phoenix, who represents large mining interests in this county came up from the south last evening, and will remain here for several days.

A Tucson correspondent furnishes the Flagstaff Champion with the inside workings of the democratic convention in Tucson. The correspondent corroborates the statement of the Journal-Miner in reference to the nomination of Mark Smith.

Mr. and Mrs. J. L. Fisher entertained a number of their friends, on Saturday evening, at their residence. Games were played, a number of musical selections both vocal and instrumental were rendered by those present, while a bounteous collation was served to the guests and a very pleasant evening was spent by all.

The bin in the rooms prepared for the exhibit of ore are finished and will now be painted. Mr. N. L. Griffin, went out to his camping ground on Lynx creek, armed with forty sacks, to stir his neighbors up to a sense of the importance of a thorough representation of the district. "Griff" thinks he can readily fill all the bins from Lynx creek alone.

The slur against W. C. Bashford, in the morning sheet disgusted a number of democrats who now say they will vote for him. The insinuation that he is dishonest and if elected would misappropriate the public funds by using them in his business, is a base slander against an honest, conscientious and upright citizen that meets with no response, even from political enemies.

Our contempt is beginning to brush the dust off its old stereotype misstatements in regard to this paper and is putting them in to fill up with as campaign thunder. It is the same material used two years ago when this paper was instrumental in defeating a friend of the other fellow, whose only answer to our truthful statements was personal abuse of the editor.

Ex-Gov. J. J. Gosper, by his genial ways and liberal views, has won many new friends amongst democrats as well as republicans during his brief stay in Tucson. He came here a week ago especially to establish an agency for the Mutual Reserve Fund Life Association, and met with success in the appointment of Mr. Frank Herford, who will manage the local business of that company for Pima county. The Gov. left his evening for Phoenix on business for his company, whence he will proceed to Los Angeles via Prescott and Flagstaff. All join in wishing him bon voyage and an early return.—Citizen.

The democratic county central committee met on Saturday afternoon and nominated, H. T. Andrews of Lynx Creek as candidate for the legislature vice, C. J. Clark declined. D. Levy was nominated for supervisor vice, S. P. Behan who, it is rumored, has been appointed postmaster.

A very quiet wedding occurred this morning at the residence of Hon. W. A. Howe, in which the plighted love of two young hearts was sealed with the bond of matrimony. The principal parties to the affair were Alford Aitken and Miss Carrie Johnson. Both are very popular among their associates and companions. The ceremony was performed at six o'clock by the Rev. J. C. Houghton in the presence of only the family of the bride and two brothers of the bridegroom, immediately after which the couple started by private conveyance for Ash Fork en route to California for a three weeks' wedding tour. The Journal-Miner joins the other numerous friends of the young couple in wishing them bon voyage, both on this brief trip, as well as on the matrimonial life journey upon which they have just entered.

The oft published statement that the Howell road bill was a "republican steal" has again been placed on its feet to do duty for the campaign. The misstatement has been paraded before the public so long and so often in the guise of a republican sin that it might not be amiss to publish the truth about it. The bill referred to was passed by the 12th legislative assembly of Arizona and appropriated \$15,000 for the construction of a wagon road from Prescott to Big Bug via the Howell Smelter then in operation on Lynx Creek. With the outlook for this section at that time it was considered a wise measure by men of both parties. Be that as it may the bill was passed by both houses of the legislature the Council being republican and the house democratic. Had it been a "republican" measure as we have so often been told it was it could certainly have been defeated, as the democrats had a majority in the lower house. Not only this but the commissioners appointed to carry out the provisions of it were all democrats being John Howell, Joseph R. Walker and Dan Hatz. So much for its republicanism. As to the charge of fraud and corruption against the three democratic commissioners, which has so often been made, by reference to it, as the "Howell road steal" etc., we leave that to its author and the commissioners. Suffice it to say that, democrats though they be, we believe them to be perfectly honest and upright, and believe that the money committed to their charge by democratic votes, for public improvements, was honestly expended and accounted for, and we would not be willing to say aught against them even for "campaign purposes."

A very beautiful and impressive scene was witnessed in connection with the morning service at the Congregational church yesterday, being the baptism of seven infant children of members of that church, who in that solemn ordinance dedicated them to God.

FROM TUESDAY'S DAILY.

Registration closes October 12th.

The great register this afternoon contained 2,400 names.

Jay-Eye-See Liniment Best in the world at Lincoln's Drug Store. tf.

Henry Clay Burke has removed his office into the office of the county assessor.

It does seem that after holding on to an office for twelve years it was about time to let go.

Kentucky sour mash whisky double standard goods, and genuine Tennessee white rye at the Cob Web.

Members of the territorial board of education have been engaged studying hygiene for several days.

It is a kind of reminder of old times to see Dan Thorne around the "Cabinet" once more.

Webster Street will shortly shake the dust of Tombstone off its feet and locate permanently in Phoenix.

Ex-chief Justice Howard and wife left Phoenix this afternoon and will arrive in Prescott to-morrow evening.

George W. Sines made the first contribution of ore to the public mineral cabinet from his Sazacac saloon collection.

The days of high prices in Prescott have passed away. Drugs and patent medicines are selling at New York prices at Robinson's drug store south Montezuma street.

The Star says that "Fred G. Hughes has got the best of the recorder fight by a big jug full." The usual method of measuring democratic success is by the "jug full."

Miss Emma Bennett, an accomplished young lady, who has spent several months in Prescott, will go to Phoenix to reside.

Chew "Piper Heideck" and "Tokay," "Smoke 'Aitkens Best,' Stargo," "Silk Tie" and "M. E." cigars. "Sportmans" "Caporal," "Full Dress," cigarettes and various other brands of cigars and cigarettes at Aitken's.

The Williams House regulars go in mourning now over the loss of one of their number by marriage. It is understood that the shafts of venue have penetrated the heart of another one who will soon follow in the footsteps of his brother.

Lost on the road between Whipple and Prescott a few days, ago a large gray shawl. A suitable reward will be paid by returning the same to the half-way house. 6t Thos. Lovo.

The following are the fees reported collected by the different county officers for the quarter ending September 30th. Sheriff \$379.70; Probate Judge \$191.30; Recorder \$597.25; Clerk of Court \$76.25.

Mrs. D. J. Sullivan has just received her new stock of dry goods, which she has marked at the very lowest prices. An investigation is all that is necessary to satisfy.

A note, on record in the county recorder's office, for \$10,000, in favor of Mrs. Perry, signed by John H. Marion, C. Meyer Zulick and E. J. Cook, given to raise money to keep our sickly contemporary running during the hot weather, would justify us in referring to it as the Zulick-Cook organ, but then we will not do so.

The Daily Tombstone complains that "Whenever it asks the Democrat to substantiate any of the false statements published in the latter's columns, it replies by abusing the editor of this paper, and entirely ignoring the query." Why Brother Nash, that is the democratic argument. We have become accustomed to it up here.

It would not hurt our feelings if "Buckie" O'Neill, editor of Hoof and Horn, was elected Probate Judge of Yavapai County on November 2nd. Mr. O'Neill, although a republican, is a good fellow, and, being a newspaper man, we can assure the voters of our sister county that he needs the office badly.—Wallpaper Tribune.

"Prescott was not entitled to a supervisor," was the sophistry used by A. A. Moore to soothe the feelings of A. A. Moore on being defeated in convention. There being a prospect of a withdrawal from the ticket of one candidate, a substitute was found in Prescott but not Mr. Moore. Wonder what the apology now will be.

See that your name is on the great register of the county. You cannot vote at the November election unless it has been placed there this year and 20 days before the election occurs.

About ten days ago this paper published an item stating that two additional troops of cavalry would shortly be stationed at Whipple. Our neighbor publishes this morning as a startling piece of information between double leads.

A Popular Candidate.

In its endorsement of O. A. Ensign for the legislative assembly the Flagstaff Champion says:

O. A. ENSIGN.

Another nominee for the Assembly, has resided in this county for a long time, engaged in mining and running a large pack train of which he is owner. He is a young man who is known throughout the greater portion of the country and withal is very popular. He is thoroughly capable of filling the office, and will, without a doubt, be one of Arizona's next assemblymen."

WANTED.

By the voters of this county, the cash in the treasury counted and a new man to take charge of it.

Resolved, that the territorial board of education earnestly recommend to county superintendents and the trustees of the various districts in the territory, in their discretion, the purchase of this manikin, and the essentials of physiology and hygiene which accompany and explain it, for all schools and grades having pupils deemed of sufficient age and advancement to understand it.

Probably as much misery comes from habitual constipation as from any derangement of the functions of the body, and it is difficult to cure, for the reason that no one likes to take the medicines usually prescribed. AITKEN-JOHNSON—In Prescott, at the residence of Hon. W. A. Howe, Oct. 4th, by Rev. John C. Houghton, Mr. Alford Aitken and Miss Carrie F. Johnson, both of this city.

Special Request.—Candidates Read This.

I am informed that some of the candidates for "crumbs" are in great trepidation, lest I should talk in their favor, alleging that if I do so, it will greatly lessen their chances for success. Now, therefore, being a kind hearted old man, and having no desire to injure my friends, I respectfully request all nominees entertaining such fears, to say so in print over their own signatures, without delay, either in the Prescott Courier, Journal-Miner, Hoof and Horn or Flagstaff Champion, and I will try to not harm them in that way.

I am not a candidate for any office, never have been in this territory and never expect to be; am not "married" to any of the present nominees; am not under pay either from central committees or individuals, but am tired out; want recreation, have time to spare and money enough to pay my own expenses, and my lungs permitting, I intend to "talk" all over this county between the 2nd and 2nd of November and so far as I know, in an honorable way, without disparaging any, to help elect the best men.

Very Respectfully,

A. W. CALLES.
